

During this time of the Pandemic, a Renfrew County Virtual Triage and Assessment Center has been created. It is for people who don't have a family Doctor or who cannot reach or schedule an appointment with their family Doctor. You call 1-844-727-6404. The first team member will take down your information and then schedule you a time for a phone assessment with a Doctor who will assess and treat if they can over the phone or advise you to go to Emergency. They can also help with prescription renewals; and they are very polite, genuinely concerned, and take the time to help you out.
